Moonblade Properties

d100	Property
01–40	Increase the bonus to attack and damage rolls by 1, to a maximum of +3. Reroll if the *moonblade* already has a +3 bonus.
41–80	The *moonblade* gains a randomly determined minor property (see "Special Features" earlier in this chapter).
81–82	The *moonblade* gains the finesse property.
83–84	The *moonblade* gains the thrown property (range 20/60 feet).
85–86	The *moonblade* functions as a *defender*.
87–90	The *moonblade* scores a critical hit on a roll of 19 or 20.
91–92	When you hit with an attack using the *moonblade*, the attack an extra 1d6 slashing damage.
93–94	When you hit a creature of a specific type (such as dragon, fiend, or undead) with the *moonblade*, the target takes an extra 1d6 damage of one of these types: acid, cold, fire, lightning, or thunder.
95–96	You can use a bonus action to cause the *moonblade* to flash brightly. Each creature that can see you and is within 30 feet of you must succeed on a DC 15 Constitution saving throw or become blinded for 1 minute. A creature can repeat the saving throw at the end of each of its turns, ending the effect on itself on a success. This property can't be used again until you take a short rest while attuned to the weapon.
97–98	The *moonblade* functions as a *ring of spell storing*.
99	You can use an action to call forth an elfshadow, provided that you don't already have one serving you. The elfshadow appears in an unoccupied space within 120 feet of you. It uses the statistics for a **shadow** from the *Monster Manual*, except it is neutral, immune to effects that turn undead, and doesn't create new shadows. You control this creature, deciding how it acts and moves. It remains until it drops to 0 hit points or you dismiss it as an action.
00	The *moonblade* functions as a *vorpal sword*.

Even just disabling your adblocker will help (it's only text and plain image ads I promise).
